## 04 SANDY MINT

A dazzling, playful new collection. The fresh mint tones are a real treat, and brighten up the darkest of winter's days. There's a hint of the Fifties in this collection, combined with a modern chic and that unmistakable Greengate romance!

## 14 SANDY BAKING

The brand new Sandy designs are also given a more traditional Greengate colourway treatment so that you can build your collection with these terrific new designs.

## 16 EDITH

Inspired by the tones of nature in Winter, Edith's designs and colourways exude not only a rich warmth and unassuming sophistication, but also a certain romance. We are sure you will fall in love with this collection as much as we have.

## 26 PENELOPE

We think Penelope is the perfect balance between bold confidence and gentle sensuality. A large floral print and a host of designs and scripts adorn the many exciting new products.

From refreshing, retro mint to soothing winter-stable tones, this Autumn/Winter collection has something for all Greengate aficionados. We have seven distinctive new designs and colourways, each with their own mood and charm, but all with the unmistakable Greengate character. We hope this catalogue gives you a genuine feel for all of our new designs and products – when you are done, dip into our new Product Selector brochure, where you can see each and every product in the entire collection, arranged by pattern and colourway. Never has selecting and ordering been more simple!

## 30 MALOU

A bright Greengate lightness of touch, along with the unmistakable atmosphere of a rural French café or restaurant makes Malou the perfect partner for seasonal celebrations. Sophisticated enough to handle the most formal of occasions, yet enough rustic charm for everyday suppers of bangers and mash!

## 38 WINTER STABLE

Classic and quirky at the same time? Yes indeed! And not only that, the colourways make it a doddle to add these stunning new patterns to your Lina red and Spot red collections.

## 48 WINTER GARDEN BLUE

Cool blues, warm greys and a splash of white are simply stunning on linens and stoneware. A confident and contemporary feel, with all the familiar Greengate hallmarks.

*F*rosty breaths synchronised. Saddle mounted and stirrups on, the early morning ride starts after a sleepy little chat and maybe a bite or two. A small canter later, it's not just the cheeks that are rosy – that warmth goes all the way to the soul. Like a hearty breakfast, the morning ride gives enough spiritual nourishment to last the entire day.

Stable life doesn't just have to be all about cobblestones and straw – there's plenty of room for comfort. A stable lass deserves a little grooming too, after all! And the new Winter Garden collection is just perfect to add a dash of farmhouse luxury to the whole affair. Natural tones of clay and moss, and generous helpings of bright florals on a variety of textures create a rustic, simplicity and warmth to even the chilliest of locations. And back inside, Winter Garden just begs to be seated next to its stable-mates Greengate Lina red and Spot red!
