# MISS SOPHIE'S WINTER *feelings...*

*Snow is falling, a fragrance of spruce fills the air and candlelight tells us it's that time of year! Christmas is here and it's time to embrace the season. Invite nature indoors by combining fine flower prints, rough tweeds and soft velvets. Decorate with nature's own rustic accessories such as walnuts, antlers, spruce and plenty of pinecones. Add some sparkle and put on a classic Christmas tune, warm your hands on a nice cup of tea and cuddle up with a beautiful quilt.*

All the desserts are made with the finest ingredients and with attention to every little detail.

*"I believe in the beauty of simplicity, quality of ingredients and the perfect preparation. For me, every single bite is the process of a love affair and I promise that you will be able to taste this – it's passion darling".*

## Moments Worth Sharing

We believe the simple, everyday moments in life can be the most memorable and worthwhile.

With less time in a more complex world, we aim to help 'slow down time', by enriching and giving meaning to these moments shared.

Every GreenGate products has been inspired by these beliefs, and we hope that we can bring warmth and life back to places, objects and moments long forgotten.

The new GreenGate Homewear collection is no different, by beautifully combining comfort and design. Kept in subtle GreenGate colours and made to last and look great, we aim to make you feel at home in GreenGate.
